Summary

Associate Product Manager with 2+ years of experience in product strategy, roadmap planning, and go-to-market execution across edtech, e-commerce, and D2C platforms. Experienced in driving cross-functional collaboration, defining OKRs and KPIs, writing PRDs, managing Agile delivery, and leveraging product analytics, AI-driven workflows, and integrations to improve revenue growth, retention, conversion, and operational efficiency.

Experience

Associate Product Manager — Incanus Technologies (Newton School) Mar 2025 – Present Bengaluru, India

- Spearheaded the product roadmap and full lifecycle for a referral growth module; established OKRs, KPI tracking, and ran cohort and funnel analysis with incentive experiments to increase conversion by 32%.
- Led product discovery, PRD authoring, and release management for an AI-powered exam monitoring system; reduced manual proctoring effort by 70% across 15,000+ sessions.
- Architected automated waitlisting workflows by writing user stories, acceptance criteria, facilitating UAT, and coordinating release; converted 30% of waitlisted users with zero vacant seats.
- Scoped payment gateway integration with Razorpay API, produced API documentation, oversaw testing, and automated reconciliation workflows; reduced manual effort by 99% with 100% real-time transaction accuracy.
- Orchestrated Agile/Scrum ceremonies in JIRA, maintained Click-Up documentation, and strengthened collaboration across engineering, operations, and business teams.
- Built dashboards to track DAU/MAU, growth metrics, and user behavior, enabling faster prioritisation and roadmap decisions.

Product Management Trainee — Healthkart Aug 2024 – Mar 2025 Gurugram, India

- Contributed to roadmap planning for ERP enhancements by consolidating requirements and configuring SAP B1 and Pharmacloud, unlocking a category contributing 5% of total revenue.
- Facilitated cross-functional requirement gathering for ERP migration to ERPNext and applied process optimisation to become SOC-2 compliant.
- Created PRDs, user stories, and requirement documents while improving engagement metrics through user journey optimisation and data-driven prioritisation.

Category Management Intern — Healthmug Apr 2023 – Jul 2023 New Delhi, India

- Performed user behavior analysis and product analytics on purchase data, increasing repeat purchases by 25%.
- Identified demand gaps to expand the product catalog by 18%, contributing to 35% month-on-month growth.

Projects

Product Growth Strategy — Date Planning Feature (View Bumble Case Study) 2024
